10th World Conference on Experimental Heat
Transfer, Fluid Mechanics and Thermodynamics

August 26-30, 2024

BECOME A SPONSOR

Dear participants of the 10th World Conference on Experimental Heat Transfer, Fluid Mechanics and Thermodynamics (ExHFT-10).

It is with great pleasure that I welcome you at the ExHFT-10 Conference in one of the most attractive islands in the world, Rhodes (Greece). ExHFT-10 is the last of a series of conferences organized under the auspices of the Assembly of World Conferences on Experimental Heat Transfer, Fluid Mechanics and Thermodynamics.

As in former ExHFT conferences, the goal of ExHFT-10 is to set up an international forum of researchers from industry and academia where new research ideas, advanced methods, sophisticated instrumentation and thoughtful results are presented on heat transfer, fluid mechanics and thermodynamics.

Apart from bringing together the well-established community in the field, ExHFT-10 has the ambition to attract also young researchers who will not only report their work to a knowledgeable audience, but they will also communicate present-day science and engineering problems in an effort to identify possible answers to their early career questions.

Looking forward to seeing you in Rhodes!

Professor Thodoris Karapantsios,
Conference Chairman

THE VENUE

Rhodes is the largest of the Dodecanese islands of Greece and is also the island group's historical capital.

It is located northeast of Crete, southeast of Athens. Rhodes' nickname is The island of the Knights, named after the Knights of Saint John of Jerusalem, who ruled the island from 1310 to 1522.

Historically, Rhodes was famous worldwide for the Colossus of Rhodes, one of the Seven Wonders of the Ancient World. The Medieval Old Town of the City of Rhodes has been declared a World Heritage Site. Today, it is one of the most popular tourist destinations in Europe.

RODOS PALACE

Rodos Palace International Conference Center has set the trend for conferences and has raised the bar to the highest standards of service. Having gained international reputation as a top meeting venue, Rodos Palace has transformed Rhodes into the ultimate conference destination in the Mediterranean.

The outstanding exhibition areas and the magnificent dome will fascinate the audience and capture their hearts. With cutting-edge technology and with the knowledge granted by all these years of experience, in Rhodes you will find the most wonderful meeting venue of over 9,000 square meters.
