ROUND TABLES

Thematics:

1. Emerging Technologies: research needs and applications
2. Advanced experimental facilities & diagnostics: what, where, how?
3. Misconceptions & Misunderstandings: from fundamentals to applied
4. Moon and Mars: Urgent call for Science and Technology
5. Sustainability and Circular Economy: Fluids and Heat aspects

For each Round Table: *selection of topics/ideas will be submitted by participants, one slide per participant. For the 3 most popular topics (voted by email by participants) there will given 2 minutes to the proposer to explain it and then discussion up to 10 minutes will follow. The other topics will be presented using 1 slide for 1 minute by the proposer but with no discussion afterwards. Round Table duration 1 hour.*
